## LOCAL MATTERS.

**The Weather Probabilities June 28, 1881.**—For the Middle Atlantic States partly cloudy weather, local rains, winds mostly westerly, stationary or higher temperature and barometer.

**THE REVISED NEW TESTAMENT.**—At a meeting of the Washington Bible Society, held in Washington last night, the committee, of which Rev. Mr. Davidson, of the Second Presbyterian Church, of this city, is a member, appointed at a previous meeting for the purpose, presented a book report on the revised New Testament. The report says: In general, the changes from the authorized version are more exact and correct renderings of the original Greek, and since the great object of every translation is to approximate as nearly as possible to the thoughts of the Holy Spirit, as embodied and expressed in the original Scriptures, this is an excellent example of the highest. Among the merits of this revision we note the following: The substitution of modern for obsolete words; the uniform rendering of proper names throughout; the Bible; the omission of the headings to the chapters—which are in reality a commentary and form no part of the Scriptures; and the noting in margin only, of the correct but arbitrary division of the Bible into chapters and verses, which is a matter of purely human origin. Had the changes proposed by the American revisers as printed in the appendix been generally adopted, in our judgment the revision would have been a further improvement. If the American Bible Society had the right, under its present charter, to publish this revision, we would recommend such publication; not to supplant the authorized version, but as a companion to it and an aid to the better understanding of the Scriptures.

**THE MAYOR'S LAST MESSAGE.**—Mayor Smith will send his last message to the City Council to-night. In this message, the Mayor reviews his administration of the affairs of the city during the past two years, and makes a number of recommendations, among them the following: The establishment of four or five public libraries in the city; the amendment of the law regulating the scavenger business; the painting of the iron and wood work of the Market building; a liberal appropriation for the repairing and cleaning of streets and alleys; the purchase of the old Court House, and its conversion into a public school building. This latter recommendation he urges pretty strongly. He says the City School Board has agreed to pay \$2,000 of the amount required for the purchase of the county's interest in the old Court House, and suggests that the house formerly occupied by the San Marine Company could be converted into an office for the county clerk, and that the County Court could hold its terms in the Corporation Court room. This message is a lengthy one.

**THE STORM LAST NIGHT.**—The storm of wind and rain, which did so much damage in Washington yesterday evening, reached this city about half-past eleven o'clock last night, accompanied by sharp lightning and heavy thunder. It was of short duration, and did little damage here. The lightning struck the foremast of a long boat, the *Cora Smith*, on the ways at the shipyard, and split it from top to bottom. A tree in front of the residence of Mr. Henry Grace, on Washington street, was also badly damaged by the lightning. An out house at the American coal wharf was blown over. A number of signs were carried a considerable distance from their resting places, and several trees were prostrated by the wind. No damage to shipping is reported.

In the county several houses were unroofed. The roof of the office at Walker's brick yard was lifted from the building and landed across the pike. The sheds of the other brick yards in the county were damaged by the wind.

**RESIGNATION OF CAPT. F. L. SMITH.**—At a business meeting of the Alexandria Light Infantry, held at the Armory of the company, last night, the resignation of Capt. Francis L. Smith, who has accepted the position of Major of the Third Virginia Regiment, organized at Charlottesville a few weeks ago, was presented and accepted. Capt. Smith, in a short speech, took his farewell of the company which he served so faithfully since its organization, and thanked the members for their uniform kindness and courtesy to him during his connection with the organization. After an unopposed ballot to fill the vacancy caused by the resignation of Capt. Smith, the meeting adjourned until next Wednesday night, when a regular election for officers will take place.

**CONSERVATIVE READER'S CLUB.**—A meeting of the conservative reader's club was held last night, with Dr. A. F. Cox, in the chair, and E. L. Brackett, secretary.

Mr. Alexander Hunter offered an address, which will be found elsewhere in today's Gazette, as a substitute for an address adopted by the club some time ago.

After some discussion, the substitute for the original address was laid on the table, but subsequently ordered to be printed.

Alexander Hunter, Dr. A. F. Cox and J. S. Wells were also appointed a committee to solicit subscriptions for the printing of the address, and the meeting adjourned.

**POLICE COURT.**—Major Smith presiding. Edward Lacy, colored, for robbing the store of Mrs. Taylor, on King street, was sentenced to reformatory for nine months. Sentence executed. Jane Middleton, for beating her aged mother, was fined \$10, and in default of the payment of said fine, was locked up.

The Commissioners of the Sinking Fund met to-day at the Auditor's office and completed their report for the fiscal year ending the 31st of May last. This report will also be presented to the City Council to-night.

**FOR STANTON.**—Messrs. Charles A. Monroe and L. E. Hutchinson, of Loudoun county, arrived here yesterday evening on their way to Stanton with Mrs. Julia Creel, of Union, in charge, she having been committed to the asylum for the insane at that place for treatment. Mrs. Creel, after spending nine years in the asylum, when she returned to her home. Her mind became suddenly deranged again a few days ago, and the authorities of Loudoun were compelled to send her back to her old quarters.

**RAILROAD ACCIDENT.**—Some of the cars of a freight train on the Baltimore and Potomac Railroad broke loose from the main train, near Fort Mill Road, about 10 o'clock last night, and ran off the track. Several of the cars were considerably damaged. The express train over the Virginia Midland Railroad, two cars of which were damaged by coming in contact with the derailed cars, was delayed by the accident over an hour. No one was injured.

## TO-DAY'S TELEGRAPH NEWS.

### Suicide of a Minister.

ST. LOUIS, Mo., June 28.—Dispatches from Kansas City, Mo., say: "The body of the man found in the river here last Friday turned out to be that of R. Sidney M. Siray, who was expelled from the ministry by the Presbytery at Glens Falls, N. Y., on June 14, for shooting his wife some time ago at Warrensburg, on Lake George, N. Y., where he was pastor of a fashionable church, and who afterward confessed to sundry allegations of criminal intimacy with women. Since last March Siray had resided in Leavenworth, where he held a position as bookkeeper in a business house; but, on receiving a letter stating that his wife's brother had started West with the avowed intention of shooting him, he left Leavenworth, changed his name and intended to recreate himself somewhere until his brother-in-law had visited Leavenworth and returned to the East. Coming to Kansas City, it is supposed that he took to drink and then drowned himself."

### From Albany.

ALBANY, June 28.—The combined vote in joint convention to fill the short term senatorial vacancy was as follows: Potter, 49; Conkling, 31; Wheeler, 42; Cornell, 13; Lapham, 17; Folger, 1; Cora, 2; Ruch, 1; Rogers, 1. No choice.

The chair accounted that no election had been held in either case, and the convention adjourned.

### A Murder About a Trifle.

LITTLE ROCK, Ark., June 28.—Intelligence has reached here of a murder committed in Columbia, in this State. Samuel Dismuke and J. R. O'Neil, living near Magnolia, while returning home in a wagon, had a quarrel as to who should shoot at a boy of partridge near the roadside. The dispute passed quickly from words to blows, when O'Neil drew from his pocket a "Barlow" knife and attacked Dismuke with it, inflicting six or seven wounds in his breast, shoulders and arms, from which he shortly afterward died. Two or three women were in the wagon, but could do nothing to stop the quarrel.

**A FRENCH STORY.**—A man was arrested for arson at Villeneuve, a provincial French town, and, in the absence of any evidence, was clapped into the lower story of the Mayor's vacant villa, which, having grated windows, kept him safe. He had braced his hip to lodging in a sack when along came a stout looking gentleman with wife, children and maid, who stopped to admire the villa. "What a nice house!" said the stout gentleman. "I should like to buy it." "That's easy," replied the prisoner, from the inside, "I am the proprietor, and will sell at once, provided you pay cash." The negro innkeeper, the price was haggle about and agreed upon. The prisoner said: "My wife has locked me up and gone to Paris for the day; if you fetch a locksmith from Jolivet, and after an inspection of the premises the building pleases you, 2000 francs down and the rest in three months will conclude the bargain." Three quarters of an hour later the locksmith opened the door and the prisoner had disappeared with the stout gentleman's money in his pocket while the stout gentleman's family congratulated each other and said: "How nice it is to be one's own landlord!" The appearance of the police about midnight awakened them from their dream. Their dismay and the rage of the mayor, who will probably have to restore the money as punishment for not setting the prisoner to the nearest police station, can be imagined.

## MEDICINAL.

### CELERY!

AS A REMEDY FOR NERVOUS DISEASES.

What the Medical Profession Say About It, and the Good Results Attending its Use in Headache, Neuralgia, Indigestion, Sleeplessness, Nervousness and Paralysis.

Celery has only come into public notice within the last few years as a nerve, but scientific men and experience have proved beyond a doubt that it controls Nervous Irritation and periodic Nervous and Sick Headache to a marked degree.

Brown-Sequard says that Celery contains more nerve force than any other vegetable substance found in nature. Celery was first discovered and used as a remedy by a German physician about 1857. But a combination of the EXTRACT OF CELERY AND CHAMOMILE, which has been but recently introduced to the profession and the public by Dr. C. W. Benson, has produced such marvelous results in curing nervousness and headache, and especially nervous and sick headache, neuralgia, vertigo, indigestion and sleeplessness, that it has excited public attention and newspaper comments, and many physicians have tested the merits of this preparation with the best results, as quoted below from a few.

### WHAT PHYSICIANS SAY:

"Dr. Benson's preparation of Celery and Chamomile for nervous diseases is the most important addition made to the materia medica in the last quarter of a century."—[Dr. J. W. J. Kingston, of Baltimore.]

"Dr. Benson's Pills are worth their weight in gold in nervous and sick headaches."—[Dr. A. H. Schlicher, of Baltimore.]

"These pills are invaluable in nervous diseases."—[Dr. Hammond, of New York.]

"Dr. Benson's Pills are the cure of neuralgia and a success."—[Dr. G. F. Holman, of Cincinnati, Va.]

"These pills are a special preparation only for the cure of special diseases as named, and for these diseases they are worthy of a trial by all intelligent sufferers. They are prepared expressly to cure sick headache, nervous headache, dyspeptic headache, neuralgia, vertigo, indigestion, sleeplessness and indigestion, and will cure any case. Price 50 cents, postage free. Sold by all druggists."
